1. Sketch the yarn path diagram of Sizing process

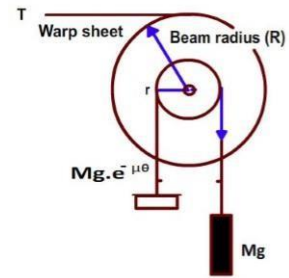

2. Types of Creels of Sizing

3. Size bath

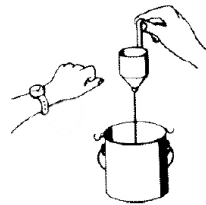

4. Warp Tension:

5. Size pick-up %

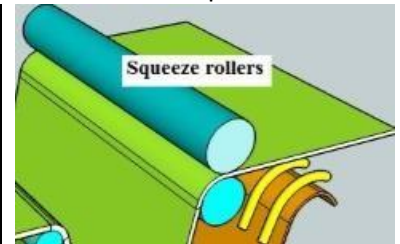

i. Viscosity of size paste

To know more about Zahn cup

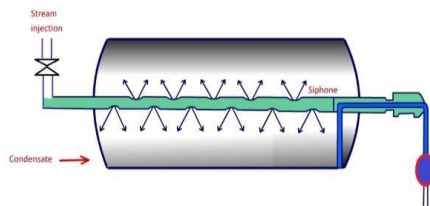

ii. Squeezing pressure

- iii. Hardness of top squeeze roller
- iv. Thickness of Synthetic Rubber on the Top Roller
- v. Position of Immersion Roller
- vi. Speed of Sizing

6. Drying

7. Size Cooking

8. Why Sizing is necessary
